MESSAGE

It is heartening to hear that, Uttarakhand Judges' Association has been re-constituted after a lapse of almost 20 years. It is, indeed, a positive step to address the valid problems of Judicial Officers of the State. Which, in turn, will improve the justice delivery system. I hope that, office bearers' of the Association will, also, work to diffuse knowledge of law among Judicial Officers for the benefit of the public by publishing legal literature etc. Uttarakhand Judges' Association is organizing a Conference (Judicium 2025: Inclusion, Access and Strengthening) on 23rd February, 2025 at Dehradun. I hope and trust that, Conference would be very beneficial for in-service Judges as its title suggests. It would also provide a central forum of discussion to the Judicial Officers of the State. I have been informed that, Association is also publishing a commemorative souvenir, which would include important information pertaining to Judicial Officers. I wish a great success to the Conference and hope that, Uttarakhand Judges' Association will work for the benefit of the system and, in particular, the litigants.
