### **Foreword**

It is a matter of great joy that the fraternity of judicial officers of our State have initiated and organised the first conference of their newly found Association.

The first step to any new venture is always challenging. I am delighted as the Judges of our State Judiciary have brought together this association as a platform to bring you all together today. The objective of associations is to help its members to enhance their capabilities, amplify their impact and work more effectively towards achieving an objective of imparting Justice.

I sincerely hope and expect that Uttarakhand Judges' Association will facilitate and encourage the exchange of ideas as well as bring forward best practices among its members to enhance their overall knowledge and skills.

It is no secret that the working condition of the Judges of our State Judiciary in the course of dispensation of justice is not so good and they face several problems. I hope that this Association shall prove to be a Forum where the Judges of State Judiciary would be able to place their problems they face in the course of dispensation of justice. I hope that the Uttarakhand Judges' Association shall make every possible endeavour to address all these problems.

I congratulate all the Judges of State Judiciary on their endeavour and also extend my best wishes hoping that you all shall utilize this medium to not only address common concerns but also work towards advancing professional development and intellectual growth of the entire organisation.

Thank you.

(Vivek Bharti Sharma, J.)
