High Court of Uttarakhand

में अकेला ही चला था जानिब- ए- मंज़िल मगर,  
लोग साथ आते गए और कारवाँ बनता गया ।

- मजरूह सुल्तानपुरी

Journey of many miles begin with a single step. First time when I felt need of an Association was perhaps year 2012, when one of our colleague Mr. Rakesh Mishra, Officer of Civil Judge,(Senior Division) Cadre at my first posting place, Rudrapur was battling with Cancer. There was no financial help to him from any corner. All he could have done either to apply for medical advance or to claim medical reimbursement after treatment was over or even in between from time to time and as we are aware that medical reimbursement is not the actual treatment expenses, but much lesser than actual. Unfortunately, his treatment was never over and within a one or one and a half year perhaps he succumbed to the disease leaving behind his wife and minor children. His total service tenure and ambitions came to an end within a decade. His wife was given a compassionate appointment as a Class III employee in a District Court.

That budding thought never went away from my mind that we should have a functional association atleast to stand up with our brother and sister colleagues and their family in the time of distress. First time, I dared to put up this thought before Hon'ble Judges of our High Court in a Conference in the year 2023 and when I joined in the Registry in 2024, that thought turned into reality with the blessings of the then Hon'ble Chief Justice Ms. Ritu Bahri, other Hon'ble Judges, our Senior Judicial Officers and with the efforts of our colleagues. Thereafter, we chose our Representatives through virtual mode.

Office bearers worked hard, especially the President Mr. Rakesh Kumar Singh and other officers posted in District Dehradun on various posts. Result is that, now this Association which was defunct for more than '02' decades, has come to life and is a new ray of hope for officers of subordinate judiciary. It gave us a platform to connect, to discuss and most importantly a feeling that there is some support system for us. The Association's main objective is welfare of judicial officers and their families, which I am very much hopeful that Association will achieve. Our voluntary self contribution to the corpus of Association is the proof and the first step in that direction.

I wish a lot of success and progress to the Association in coming years.

With Warm Wishes

Kahkasha Khan
